

PRESEASON OFFER: PURCHASE THE CASE IH GRAIN ANALYSER FOR \$19,500 + GST*

WITH GRAIN ANALYSER TECHNOLOGY.

We're transforming the use of technology on farms. Ask your Agrimac Dealership today how?

FEATURES:

- This is an on-combine, real-time Grain Analyser.
- Using Near Infra-Red (NIR) technology, it offers real-time Sampling and Mapping for Protein in Wheat, Durum & Barley, Moisture analysis, as well as Oil Content in Canola.
- It can assist the farmer to segregate grain in the field, based upon its quality and blend the grain to maximise farm gate pricing.
- Compare yield vs protein, to assess the efficiency of crop inputs, such as nitrogen.
- Maps created can be imported into Desktop Software.
- Fits almost any brand Combine
- Map shows where Nitrogen needs to be added for next cropping season.

* Terms and conditions apply. This offer is for a limited time and subject to availability. Price is valid until 31st December 2020, excludes GST, and includes purchase of the base unit only - part number 73322568. Installation charges are not included in the advertised price, for further details please contact your Agrimac dealer today.

WE HAVE YOU COVERED! FOR ADVICE AND SUPPORT ON PRECISION AG FARMING TECHNOLOGY NOW AND INTO THE FUTURE, CONTACT YOUR AGRIMAC DEALERSHIP TODAY.
